Nature Festival Committee gears up for this year's party

By Shelley Martel

The Chapleau Nature Festival's steering committee have been spending these long winter days looking towards summer and planning this year's events. The committee consists of Don McEachren, Chair, Diane Jean, Lucette Mainville, Rachel Presse, Sylvie Sylvestre and new member, Barry McCartney. Representatives from council include Councillor, Andre Byham, and Deputy

Mayor, Bud Swanson. Recreation representative is Kevin Morris and Government representative is Denis Rochon

The Festival has applied to Job Creation Partnership for two festival employees and one supervisor. The committee expects a response from this program within the week.

This year's festival will take place during the weekend of July 12th to 15th, 2006 which is one week

earlier than usual. This change was made to accommodate Blind River's Centennial Celebration on the last week of July.

As a result of this change in date, we will not be competing with Bobcageon for the Fiddling and Stepdancing competitions since their competitions usually have taken place the same weekend as ours in the past. We may have more out of town visitors and a larger turn-out for the competitions.

The steering

committee has reviewed the Nature Festival's four years of events and has agreed that it is important that they maintain the formula of their original vision. The proven successes of the past Nature Festivals reinforces this point.

With this in mind, the committee is now negotiating to bring in 3 concerts for this year's entertainment. Having one concert representing each of the 3 different cultures (English, French, and

Native) that our unique community embodies reflects the initial idea of what the Chapleau Nature Festival was meant to be about.

Following this idea, the Art Exhibit theme will focus on and strengthen the nature component. It will be held at the Civic Centre this year to make it more accessible to more people and to take advantage of optimum lighting.

The activities being planned for the Chapleau Nature Festival will be similar

to those in the past in which the whole family can participate.

The Nature Festival Steering Committee is very enthusiastic and excited about this year's festival and urges all community businesses and organizations to plan to take advantage of the increase in visitors to the community and the festive atmosphere during the weekend of July 12th to 15th, 2006.

Art exhibit brings quiet landscapes to life

Bonnie Ivey with her winter scene depicting predatory behaviour.

By Shelley Martel

Nocturne, the theme of this month's art exhibit in the Collins Art Gallery at the Centre Culturel Louis Hemon, is the creation of, artist and Chapleau resident, Bonnie Ivey.

The artist, who has captured the essence of what goes on in the forest while, seemingly, no one is watching, gives us a glance at the beauty and also the peril between twilight and dawn on our

surrounding landscape.

Bonnie uses several different types of media in order to convey her message to us. She uses pastels, coloured pencils, watercolour, as well as acrylic paint. She uses

several different shades of blues, aqua, and turquoise, as well as rose, in her winter scenes. She admits to having first used blue to paint a picture of a house when she discovered painting in kindergarten. She

continues to use these same hues to translate different aspects of the northern landscape.

Although some of these colours are not typically what we are used to seeing in nature scenes, Bonnie is content to let the dark forest trees take a backseat while she carefully directs our attention to the winter night sky, the snow, reflections, and living beings.

Some of the works of art in the exhibit portray the sleepy northern winter with slumbering animals, heart-warming scenes and familiarity. Other pieces remind you not to assume that the night in the forest means the same to all. Bonnie shares her insight into how

predators use the wee hours to their advantage.

Bonnie's artwork depicts how even humans find the mystery enjoyable during dusk and dawn in the forest with bonfires and outdoor activities.

The use of flames, moonlight, reflection, colour cause you to be able to relate to the landscapes, like you have been to that exact spot before or you'd really like to go there sometime.

The best way to experience this unique portrayal is to view it through the eyes of the artist, it may encourage you to look at the rest of the long, dark winter in a whole new light!

In Memoriam
Gerard Charlebois

We were not there to say goodbye,
 The memories, the laughter were in the tears we cry.

The fiddling, the singing, and the stories you told
 Are things that are with us, and our hearts will hold.

The camping, the fishing and other times we've had,
 Are embedded in our hearts and will not let us be sad.

For now you are in a wonderful place,
 Watching and laughing with that joyful smile on your face.

We love and miss you from the bottom of our hearts

The Charlebois Family

DEATH NOTICE
Carroll Gordon Wesley
(Retired C.P.R.)

At the Chapleau Hospital on Tuesday January 10, 2006. Gord , beloved husband of Yvonne (Lewis), Loving father of Allan (Louise) of Wawa and Kelly of Sudbury. Special grandfather of Brianna. He will be sadly missed by his brothers Jack and his wife Gilberte of Elliot Lake and Larry and his wife Claudette of Chapleau. He will be fondly remembered by his many special nieces and nephews. A Memorial Funeral Service was held at the Trinity United Church, Chapleau on Friday January 13, 2006. For those who wish, memorial donations to Branch 5 of the Royal Canadian Legion, The Independent Order of Odd Fellows, Lodge #266, Daffodil Lodge, 41 Ramsey Lake Rd., Sudbury or the Trinity United Church, Chapleau, would be appreciated by the family.

HAPPY 50TH

Big Sister

LETTER TO THE EDITOR

On the weekend of January 21 2006 I attended a Bantam hockey tournament in Wawa with my son and his team the Chapleau Bantam Stars. The round robin play had been completed with mostly close action and no major incident with regard to "Intent to injure."

The first semi-final match up had Schreiber vs Blind River. In the dying seconds of the game, when it was apparent Schreiber would be the team advancing, a player from Blind River was obviously head hunting for an opposing player. He eventually caught up and gave him a cheap shot from behind, crashing the Schreiber forward into his own goal post. A penalty

was accessed and the game ended without further incident.

During the second semi-final the match-up was Chapleau Stars vs A Buck or Two (a Sault representative). Again in the later part of the third period the Chapleau Stars were leading and the Sault team had their "Head Hunter" on the ice. Penalties were accessed and the game ended with out further incident.

After the game one of the Chapleau players came into the lobby and showed the red marks on his upper body that he received in the game from alleged Butt-Ending during the game. With some Sault parents as witness, they quickly vacated that particular area of the lobby as any

parent would have done in shock and embarrassment from what they had just seen.

The Sunday Championship had us give up a three goal lead in the final minute of the third period to Schreiber. Their was no dying second head hunting or dirty cheap shots when the final buzzer went.

I tip my hat to my son, his team mates and all of the current and previous coaching staff that they have had over the years (which includes myself). They showed a lot of class! The game is not all about who wins and who loses but trying your best to win and losing with dignity!

As for the kids that think injuring an opponent in the latter stages when on the end

of a losing match is good sportsmanship, it's not to late to change, your still young. As for the coaches of these types of players, if you do not want to teach them the proper way to play hockey then please watch from the stands and not from behind the bench, there is no room for you in that particular position.

I don't want to read about a split second decision that a 14 year old kid made during a game (trying to please his coach) making another 14 year old kid breathe from a tube for the rest of his life, do you!

Mark Hamel
Chapleau Ontario

P.S . Congratulations Schreiber on a well played come back!

LETTER TO THE EDITOR

We would like to extend our enormous gratitude to Dr. Frank Broomhead who did us a huge personal favour in offering his experience and expert opinion with our one year old pup. Rocky is almost himself again, thanks, in part, to your advice and prompt attention.

Thanks to the young ones who had the courage to tell us what we needed to know regarding our

dog. You made it easier for us to get him the help he needed.

To the teenager who committed the hit and run, on property where you are not authorized to be operating a snowmobile at your age, we forgive you. We know that if you had it in you to stop and report the accident, you would have.

Case study: Strategies for minimizing property taxes

(NC)—Although the Fortune 1000 companies pay an average of \$70 billion in property tax per year, you don't need to be a huge corporation to save money on your property taxes.

Consider the example of ABC Construction Inc. This company's real estate was assessed and taxed based on the original construction cost of its property. As a result, the company's property taxes were out of proportion to the property's value and to taxes paid by owners of similar property. However, by leveraging relevant legislative valuation principles through the property appeal process, ABC Construction Inc. an income approach to valuation was applied. The result? The company reduced its property taxes by half, savings hundreds of thousands of tax dollars annually.

To learn more about strategies for reducing your property taxes, visit the Deloitte website at www.deloitte.ca or contact your local Deloitte office.

Trillium: Le temps des examens!

Janvier...une nouvelle année qui commence ... un semestre qui tire à sa fin. Dans quelques semaines le début des examens.

Même si certains étudiants ont de la difficulté dans certains de leurs cours au secondaire il est possible de bien réussir. Toutefois, ils doivent y consacrer plus de temps et d'efforts. Cependant,

si un élève compte uniquement sur son potentiel pour réussir, il risque d'avoir de bien mauvaises surprises. La recette est pourtant simple: il faut étudier.

Si un étudiant désire réussir, il doit donc décider que les études sont la priorité. Il doit se rappeler qu'il prépare sa vie future. Décider que les études deviennent sa priorité veut dire que j'assiste à

tous mes cours, que j'étudie une heure par

jour, que je fais tous mes travaux et que je demande l'aide nécessaire.

Attendre la veille d'un examen ou quelques jours avant pour étudier n'est pas un moyen efficace. Il est important de réaliser les activités d'apprentissage proposés en salle de classe et de compléter les devoirs et les travaux assignés. Il faut s'assurer de faire ses travaux et l'étude au fur et à mesure.

Pour les étudiants qui ont un emploi à temps partiel il

est important de consacrer un temps raisonnable à un emploi rémunéré. Des recherches démontrent que travailler plus de douze heures par semaine devient une menace pour la réussite scolaire.

Il ne faut pas hésiter à demander l'aide nécessaire pour bien réussir. Les amis, les parents, les enseignants peuvent aider à surmonter ses difficultés.

Étudier ne veut pas dire s'enfermer dans sa chambre comme dans une cellule de prison. Il

faut prendre de l'air ... il faut bien s'alimenter .. il faut bien se reposer! Un corps en santé permet de mieux gérer son stress!

Il n'y a rien de nouveau dans ce que je viens d'exprimer. Il n'y a pas de formule magique pour bien réussir. On a parfois l'impression que les commentaires exprimés précédemment ne nous concernent pas. Il ne faut pas oublier que nous ne sommes plus à l'ère des bras, mais à celles des cerveaux!

EMPLOYMENT OPPORTUNITY

One year maternity leave opening.

Position Title:
Secretary 1 - Start date is February 13th, 2006.

Responsibilities:
Provides a variety of secretarial and administrative services to support the Township's administration, including:

Instructions

- Cook linguine according to package directions; set aside.
- In a bowl, blend 15 mL (1 tbsp) hoisin sauce with 5 mL (1 tsp) water. Use to baste chicken breasts; salt and sprinkle with 30 mL (2 tbsp) roasted peanuts.
- Cook in oven preheated to 200°C (400°F) for 15 minutes; set aside.
- Meanwhile, clean mushrooms and remove stems. Cut bigger mushrooms.

In a skillet, heat oil and sauté mushrooms around 1 minute. Add pepper strips and continue cooking another minute.

• Add chicken strips, remaining hoisin sauce and chicken broth, then bring to a boil. Add pasta and green onions, mixing well to coat pasta.

• Sprinkle with remaining peanuts and fresh coriander.

Preparation: 20 minutes

Cooking: 25 minutes

Servings: 4 to 6

- News Canada

Ingredients

Request for Support

As some of you may know, researchers at the University of Toronto, and Laurentian University, have been gathering data from various Chapleau residents (both Internet users, and individuals who do not use the Internet). We would like to thank you very much for your support to date and hope that you have had a good holiday and a Happy New Year.

In order to determine just how the internet can have a positive impact on rural communities, it is important that we gather information from a minimum of 250 people in Chapleau. So far we have returned surveys from approximately 80 people. We hope that those people, who have not yet filled out the surveys, will decide to do so as soon as possible. In order to speed up this process, we will be delivering both French and English surveys and letters of consent to a randomly chosen group of you in the 3rd-4th week of January, 2006.

Again, we at the University of Toronto and Laurentian University hope you will participate in this important research. We cannot do this without you.

Sincerely

Professor Dean M. Behrens
Principal Investigator Connected Lives North
Department of Sociology
University of Toronto

Demande d'appui

Comme certains d'entre vous le savent, les chercheurs de l'Université de Toronto et de l'Université Laurentienne sont en train de capter des données en provenance des résidents de Chapleau, qu'ils utilisent Internet ou non. Nous vous remercions pour votre support, nous espérons que vous avez passé de belles Fêtes et nous vous souhaitons une Bonne et Heureuse Année.

Le but de l'étude est de déterminer jusqu'à quel point Internet peut être une influence positive pour les communautés rurales. Pour réaliser cette étude, cependant, nous devons recueillir un minimum de 250 sondages de la part des résidents de Chapleau. En ce moment, nous n'avons reçu qu'environ 80 sondages. Nous espérons que parmi ceux qui ont obtenu un sondage mais qui ne l'ont pas complété, décideront de le remplir dès que possible. Pour expédier ce processus, nous nous rendrons à Chapleau pour livrer les sondages et les lettres de consentement à un groupe aléatoire de résidents lors de la 3e ou la 4e semaine du mois de janvier.

Nous, les chercheurs de l'université de Toronto et l'université Laurentienne, espérons que vous choisirez de participer à ce projet de recherche. Nous ne pouvons le faire sans votre participation.

Bien à vous,

Professeur Dean M. Behrens
Chercheur en chef Vies branchées nord
Département de sociologie
Université de Toronto

SERVING OUR CUSTOMERS

SERVING OUR COMMUNITY

Our brokers are a vital part of Chapleau, and a vital part of our *Insurance. In Person* commitment. We're proud of their service to the Northwestern Ontario community, both in and out of the office.

As one of Canada's largest brokerages, with over 500 associates throughout Ontario and Alberta, Canada Brokerlink combines the best in local service with national resources, making us the choice of more than 150,000 Canadians for their insurance protection.

Low Fat: Sweet Potato Muffins

(NC)—Muffins have been made with carrots, corn, soy and more, so now add this nutty taste adventure with the purple-skinned, sweet potatoes from Honduras:

Ingredients:

- 1 1/2 cups bran cereal
- 1 cup milk
- 1 egg
- 1 cup cooked Purple Sweetie sweet potatoes
- 1/2 cup honey
- 3 tbsp. lemon juice
- Grated rind from 2 large oranges
- 3/4 cup raisins, soaked and well drained
- 1 1/4 cup whole wheat flour
- 1/4 tsp. salt
- 1 1/2 tsp. baking powder

1 tsp. baking soda

Directions: In a large bowl, pour milk onto cereal and let stand. Mash enough sweet potato with lemon juice to measure 1 cup. Add potato to the milk and cereal, along with a beaten egg, honey, orange rind, and raisins. Mix well. In a smaller bowl, mix together flour, salt, baking powder and soda. Mix together with the wet ingredients & immediately divide into a greased muffin pan for 12. Bake in a preheated oven at 400°F for approximately 25 minutes. Let stand for 8 - 10 minutes before removing from pan.

THE SUPERIOR EAST CFDC ACTION PLAN FOR 2006

Wawa, January 13, 2006

The Superior East Community Futures Development Corporation (CFDC) has begun to implement its work plan for 2006 and beyond. The CFDC is funded through FedNor/Industry Canada to provide regional economic development services to the communities of White River, Chapleau, Dubreuilville and Wawa.

We are very pleased with the performance results that were achieved in 2005. In the area of Services to Businesses, the CFDC authorized 25 loans

across the region for a total of \$1.6 million. These loans impacted a total of 158 jobs that were either maintained or created as a result of CFDC support. The CFDC had an unusually productive year in Chapleau with \$1.08 million in loans being extended to 10 businesses impacted a projected 110 full and part time positions.

In the area of Regional Economic Development, we are pleased to have played a role in the creation and near completion of the cell phone network that is being constructed in the region. We were also very pleased with the success of our first Youth Business Plan

Contest which was a wonderful partnership with area businesses and schools.

Once again the CFDC offered the Local Initiatives Fund to the region. The CFDC's \$50,000 in seed capital was combined with community partners resulting in over \$250,000 invested in projects of local significance. Since the fund's inception, over \$1.25 million has been invested by the CFDC and community partners in projects of local significance. Examples of projects that were supported include the Chapleau Nature Festival, Winnie's Hometown Festival in White

River, Wawa's new website design, and Dubreuilville's Pivot Jeunesse project.

As we enter 2006, the CFDC will continue providing access to capital through our Investment Fund and counseling services to area businesses. We will also make available online training courses (www.cfdlearn.ca) free of charge to area small businesses for independent study in the areas of Human Resources, Business Planning, Finance, Marketing and many more.

The CFDC will also offer a significant array of activities in the area of Regional

Economic Development. We will continue to offer the Local Initiatives Fund and are currently taking applications. While more will be announced on this subject, we will run a second edition of the Youth Business Plan Contest. The CFDC has hired Jacqueline Noiseux as our Community Development Officer. She is available to assist with regional projects and will act as liaison to the region's Francophone communities. Finally the CFDC will continue to partner with the region's Mayors group and local economic development

professionals on a number of projects of mutual concern.

The activities noted above are some of the initiatives that the CFDC will be working towards in 2006. We encourage any business to visit the online training services found at www.cfdlearn.ca. If the courses appeal to you, please contact our office and we will provide these courses free of charge.

If you have any comments or questions, Please contact Dan Friyia, General Manager at (705)856-1105.

- 3 0 - P O U R D I F F U S I O N IMMÉDIATE

LE PLAN D'ACTION 2006 DE LA SADC SUPÉRIEUR EST

Wawa, le 13 janvier 2006

La Société d'aide au développement des collectivités (SADC) Supérieur Est a débuté la mise en œuvre de son plan d'action 2006. La SADC Supérieur Est fut fondée par FedNor/Industrie Canada pour offrir des services régionaux de développement économique aux communautés de White River, Chapleau, Dubreuilville et Wawa.

Nous sommes très fiers des résultats obtenus pour l'année 2005. Dans le domaine des services aux entreprises, la SADC a autorisé 25 prêts à travers la région, pour un total de \$1.6 millions. Comme résultat de ce soutien de la SADC, mentionnons que ces

prêts ont permis de maintenir ou de créer plus de 158 emplois. La SADC a été très productive à Chapleau avec \$1.08 millions de prêts soutenant 10 entreprises et représentant le maintien ou la création de 110 emplois à temps plein et à temps partiel.

Dans le domaine du développement économique régional, nous avons eu le plaisir de jouer un rôle dans la création et la mise en œuvre du réseau de télécommunication par cellulaires qui sera bientôt mis en marche dans la région. Nous sommes également ravis du succès qu'a connu notre premier Défi Jeunes Entrepreneurs qui fut un partenariat merveilleux entre nos écoles secondaires et le milieu des affaires.

Une fois de plus, la SADC a permis à différents organismes de la région d'obtenir une aide financière provenant du Fonds aux initiatives locales. Les \$50,000 que la SADC a investis en capital furent bonifiés par des investissements de d'autres partenaires, pour un total d'investissement de \$250,000 dans des projets locaux significatifs pour la région. Depuis que le programme de Fonds aux initiatives locales a débuté, plus de \$1.25 million ont été investis par la SADC et les partenaires de la communauté dans des projets locaux significatifs pour la région. Parmi les projets que nous soutenons avec ces fonds, nous y

retrouvons le Festival de la Nature de Chapleau, le Festival du lieu d'origine de Winnie de White River, le design du site Internet de Wawa et le projet Pivot Jeunesse de Dubreuilville.

Comme nous débutons l'année 2006, la SADC Supérieur Est continuera de fournir l'accès au capital à travers les fonds d'investissement et les services-conseil aux entreprises. De plus, nous donnons accès gratuitement à un site Internet d'apprentissage en ligne (www.cfdlearn.ca) aux entreprises désireuses de se perfectionner. Ce site Internet contient des études indépendantes dans le domaine des ressources humaines, de la planification d'entreprise, de la

finance, du marketing et de bien d'autres sujets pertinents.

La SADC offre également une variété d'activités dans le domaine du développement économique régional. Nous continuerons à offrir le Fonds d'initiatives locales et à recevoir régulièrement des demandes. Parallèlement à ce fonds, nous lançons une seconde édition du Défi Jeunes Entrepreneurs. La SADC a embauché Jacqueline Noiseux comme agent de développement économique. Elle est disponible pour vous assister avec des projets régionaux et aura également un rôle de liaison avec la communauté francophone. Finalement, la SADC poursuivra sa collaboration avec le

groupe régional des maires et des professionnels du développement économique local qui travaille sur un certain nombre de projets communs.

Toutes ces activités ci-haut mentionnées sont des exemples d'initiatives que la SADC mettra en œuvre tout au long de l'année 2006. Nous encourageons tous les entrepreneurs à visiter le site Internet d'apprentissage en ligne au www.cfdlearn.ca. Si ces cours vous intéressent, communiquez avec nous et nous vous y donnerons l'accès gratuitement.

Si vous avez des commentaires ou des questions, veuillez communiquer avec Dan Friyia, Directeur général au (705) 856-1105.

INFORMATION NOTICE FROM DR. SHAPIRO & DR. ISENBERG'S OFFICE

Dr. Shapiro and Dr. Isenberg are attempting to service the needs of the Chapleau Community to the best of our ability given the current physician shortage. The Physician Recruitment Committee of the Chapleau Health Services is actively attempting to recruit short term and long term Locum physicians, and permanent physicians. Dr. Dave Huggins will be available at the Medical Centre on Wednesdays for any and all citizens who wish to see him. Please contact the Chapleau General Hospital to book appointments 864-1520.

Clearly, Dr. Shapiro and Dr. Isenberg are unable to accommodate all of the long term medical needs of the Chapleau community. Dr. Shapiro, Dr. Isenberg and the recruitment committee of the Chapleau Health Services are working together and hoping to be able to recruit several physicians, so that the minimum physician compliment for Chapleau will be four physicians.

This notice is an informational update as of January 18th, 2006.

Enrolling in Dr. Shapiro's practice

All current and past patients of Doctors Shapiro, Isenberg or Dressler are requested to **obtain and complete a "Patient Enrolment and Consent to Release Personal Health Information"** Ministry of Health form from Dr. Shapiro's office. Since October of 2005, Dr. Shapiro's practice has been a Comprehensive Care Family Practice, in which patients enroll and become part of Dr. Shapiro's roster. The Ministry of Health requests that patients who wish to be included in Dr. Shapiro's roster complete their enrollment form. We request that these forms be completed and returned by **February 15th, 2006**, Patients who have recently joined the practice and have been assessed by either Dr. Shapiro, Dr. Isenberg or the Nurse Practitioner are also requested to fill out these roster forms.

Immediate enrollment for those with special needs

All of the following patients will, if they wish, be immediately accepted into Dr. Shapiro's and Dr. Isenberg practice: all **diabetics**, all **pregnant women**, all individuals over 75 or on Warfarin or Coumadin or residents of the chronic care facility, all current cancer patients and congestive heart failure patients.

New Patient Enrollment

Patients who currently do not have a family physician, and at their choice, wish to become part of the practice are requested to book an appointment for assessment. Once new patients have been assessed, they may then complete the Ministry of Health enrollment form.

Wellness Clinics

The Diabetes and Well Women Clinics are operating as usual. Referrals for these clinics do not require a Physician. We thank the Township and Services de Santé de Chapleau Health Services for their continuing support of the Well Women's Clinic.

Injections

All residents of Chapleau are welcome to attend Dr. Shapiro's and Dr. Isenberg's office on **Monday and Thursdays from 2:30 - 5:30 p.m.** for injections only, such as allergy injections, B12 injections, and flu shots. These injections will be given by a nurse and no appointment is required.

Prescription Renewals

If you require immediate prescription renewals, please call our office (864-1131) and ask the secretary for an appointment to renew your prescriptions.

DON'T FORGET TO VOTE!

Services de santé de Chapleau Health Services (SSCHS) is located in Chapleau, Ontario - a friendly & open community with rich character in both English & French traditions. The town has a population of approximately 3000 and is nestled in the heart of the Canadian Shield with access to provincial parks and year-round recreational activities.

SSCHS is guided by a set of strong values and is a recognized leader in the North for providing high quality integrated services and for exploring the most effective ways of delivering health care. Our dynamic networked work environment includes emergency and outpatient services; acute care, mental health and long term care services. The staff who work here are dedicated individuals who have pride in their work and a passionate commitment to outstanding service, effective outcomes and a supportive environment. We continually strive to provide staff with the knowledge, skills and tools needed to respond to service needs and improve the health of the population we serve.

We are currently seeking qualified candidates for the following positions

Finance Manager

Reporting directly to the Director of Operations, the Finance Manager is responsible for providing the organization with budgeting, accounting and reporting services.

The successful candidate will possess a college diploma in accounting and 5 years accounting experience. Excellent Microsoft Office Skills required. Previous related experience in a hospital environment and an accounting designation are highly regarded assets.

Excellent interpersonal, administrative, communication and organization skills are required. Bilingualism in French/English an asset.

Director of Operations

Reporting directly to the CEO, and as a member of the Senior Management Team, the Director of Operations is responsible for the administration of several areas, including: Information Technology, Support Services, Human Resources, Accreditation and Quality Assurance.

The successful candidate will possess a university degree in business (or other related specialization), 3-5 years of senior management experience and preferably experience in a healthcare environment. Excellent Microsoft Office skills required.

Excellent leadership, interpersonal, administrative, communication and financial skills are required. Bilingualism in French/English an asset.

Interested applicants may submit résumés to

Getting ready for the elections...

On Wednesday, January 18th, 2006 from 1-4 p.m., a training session was held by Elections Canada in order to prepare those who will be working at the polls on Monday, January 23rd, 2006. The Assistant to the Assistant Returning Officer, Christine Michaud, travelled from Wawa to the Chapleau Civic Centre where 20 citizens from Chapleau, Missanabie and Sultan gathered to be trained as Poll Clerks and Deputy Returning Officers. They are prepared for large numbers of community members to exercise their right to vote on Election Day.

DISPONIBLE AU CENTRE CULTUREL LOUIS-HÉMON

Colette Côté

Nés dans le brin de scie

COLLECTION « AUTOBIOGRAPHIE »
dirigée par Francine Breton

Auteure d'une histoire de sa famille depuis 1634 intitulée, *Avant que les phlox ne se fanent*, Colette Côté nous présente, aujourd'hui, *Nés dans le brin de scie*. Rédigé dans un langage simple adapté au sujet qu'elle traite, elle trace l'itinéraire d'un petit garçon qui, après avoir vécu une longue période de son enfance dans une grange, est devenu président de la Compagnie A. & L. Lafrenière Lumber, à force de volonté, de détermination et de ténacité.

Du même coup, son amour de la petite histoire amène l'auteure à raconter l'odyssée des moulins à scie dans l'Ouest québécois et le Nord-Est ontarien. Nous y voyons vivre des gens ordinaires, les vrais héros du quotidien, qui ont bâti le pays à la sueur de leur front, à la force de leurs bras, et à la mesure de la générosité de leur cœur. Vous aimerez parcourir ce livre plein d'émotion et d'humour.

Suivons le voyage proposé par Colette Côté, au creux des forêts de l'Abitibi, à La Sarre et à Beaucanton, puis à Chapleau, cette petite ville ontarienne parachutée au milieu des pins et des épinettes.
