École secondaire Trillium holds appreciation luncheon

By Shelley Martel
A group of approximately 30 people, including Co-Op students and their invited guests, gathered together in the High School Cafetorium in recognition of their support of the Co-Op Education program.

An elegant lunch was prepared and served by the Trillium students as soft music played on in the background.

Mme Louise Tremblay, Co-Op Education teacher, spoke to the crowd about the work experience and marketable skills learned that local

businesses and services who host Co-op students provide.

In recognition of their support of the Co-Op program, guests were presented with a certificate and a gift of appreciation. A wide variety of businesses and services were represented including construction, hairstylists, and hospital departments, among others from the community.

Guest speaker Ginette Poulin-Vaillancourt, shared the many success stories. Of the 225 students in our school board, 105 have entered the trades and 22 are registered.

“Things are really looking good in that area,” she conveyed.

Mme Vaillancourt explained that the Ministry of Education is asking schools to have these programs between grades 7 and 12. Trillium is one of the 1st schools to invite grade 7 and 8 into high school.

Trillium High School principal, Luc Tessier, thanked all of the employers who were willing to accommodate a placement this year. “Thank you for your mentoring and your encouragement, which is evident in the students who benefitted from their placement. Your role

as an educator is invaluable! In your respective workplaces, students have learned about the labour

movement and unions, health and safety, how to conduct themselves in a workplace, and many other skills. I

sincerely hope that this experience has been as positive for you as it has been for our students.”

Municipal tax levy to rise 7.5%

After lengthy deliberation, Council has finalized the 2005 budget and the result is an increase in the local tax levy of 7.5%.

On a median valued home assessed at \$80,000.00, this translates into an annual increase of \$94.63 for an increase of 6.3%. Municipal rates for water, sewer and refuse collection will remain unchanged from 2004 levels.

Base level funding from the Province, which is intended to pay the Provincial share of downloaded program costs, fell by \$120,000.00. Assessment losses as a result of appeals and demolitions also result in a revenue loss of 1.2% over 2004 levels.

One time grants for fire department operations and reallocation of capital reserve fund

transfers have helped to cushion the immediate impacts of the funding issue. The municipal Council is lobbying the Province to reconsider the funding decision which ignored year end actual program costs when determining Chapleau's grant entitlement.

Algom - Manitoulin MPP Mike Brown has indicated that, out of 31 municipalities in his riding, only 3 received less funding under the new formula, and he was at a loss to understand why Chapleau was one of them when the year-end reconciliation for 2004 was confirmed.

Changes to the formula used in determining the municipal share of policing costs and the exclusion of land ambulance costs from the Provincial funding formula have contributed

significantly to budget pressures.

In response to recent rationalizations in the local forest products industry, Council has increased its support of local initiatives focusing on tourism. These include the local snowmobile club's trail maintenance program, the Chapleau Nature Festival, and the Chapleau Regional Development Corporation's Crown Game Preserve project

Council has proposed a modest 2005 capital expenditure budget, some of which are various building maintenance projects, fire department turn out gear and rescue equipment, airport runway and terminal improvements, further development at the new municipal landfill site and replacement of the transit bus.

Some of the various Co-Op students with their Co-Op placement representatives, O.P.P., Activation Department of Chapleau Health Services and The Township of Chapleau.

Obituary

Irene Margaret Corston

Feb 14, 1922 - Nov 16, 2004

Irene passed away on Nov 16th, 2004 surrounded with the love of her family. Irene was born in Chapleau. Daughter of Grace and Joseph Saylor, sister to Gladys (White) Saylor.

In 1969, Irene moved to Burlington Ont. with her husband Charlie. She cherished the memory of her "hometown" and spoke often and fondly of the special place it held for her.

Irene also enjoyed her many years in Burlington, living close to her children Wayne, Brian, Janice and Cindy, her grandchildren & six great grandchildren, sharing her love and wisdom with all.

On Saturday July 2nd, 2005, Irene's ashes will be laid to rest with a brief service at the Chapleau Cemetery at 11:00 a.m. with the Rev. Tom Corston officiating. Following will be a light lunch at the home of Keeter & Liz Corston. Friends and family welcome.

Open House

Please join us to celebrate Greg and Esther O'Connor's 55th Wedding Anniversary AND Esther's 80th birthday on Thursday, June 30th from 7 to 9 in the Conference Room at Three Mills. Best Wishes only! Your visit is your gift! Drop by and share a bit of cake and conversation. Pat, Jack, and Molly

Dedication is not a thing of the past

Chapleau Moose Governor Marcel Lasante giving the Moose of the Year Award to Clement Pilote for his hard work and dedication toward our local Moose branch.

Dites oui...

Les gens de Chapleau, vous avez la chance de NOUS dire le genre de cours professionnel que vous aimeriez voir offert ici même.

Formation PLUS, Collège Boréal et le Conseil scolaire catholique du Nouvel-Ontario travaillent ensemble pour vous offrir de la formation.

Afin de nous dire ce que vous aimeriez avoir, remplissez le sondage qui se trouve dans ce journal. Si vous n'avez pas besoin de formation, vous

connaissez peut-être quelqu'un qui pourrait en bénéficier: faites-leur remplir le sondage.

Si l'intérêt ou le besoin n'est pas là, nous ne pourrions pas apporter de nouveaux programmes. Nous devons être capable de démontrer le besoin d'offrir ces cours ici.

Profitez de l'occasion pour vous faire entendre. Ne laissez pas un autre service partir de Chapleau... Dites oui à de la formation professionnelle à Chapleau!

Chapleau Motel Job opportunity

We are looking for a responsible self-motivated individual to manage the Chapleau Motel.

The job consists of taking reservations, booking guests, answering the telephone and accepting payments.

The position requires that you live in the house attached to the Motel. There is also a possibility for housekeeping duties. Bilingualism would be an asset.

If you are interested and would like more information, please call Jocelyne at 864-3056 during office hours or 864-2223 after 5 p.m.

The Bell/Nortel/Chapleau Initiative

PROJECT CHAPLEAU: JUST WHAT IS GOING ON?

The following column is the first in a series of columns published by the Chapleau Express on behalf of the Bell/Nortel/Chapleau project team. Intended to inform both the citizens of Chapleau and the various stakeholders involved in the project, the column will be published biweekly until the end of this year. If you have any content suggestions, please contact the columnist.

On April 22, 2005, Mayor Freeborn enthusiastically shared the news about high-speed broadband coming to Chapleau. Although it may appear that since the announcement the project team has gone into hiding, they have in fact been hard at work engineering the transport and high-speed access network that will ultimately allow the citizens within the core of Chapleau to surf the web at high speed, within the home and in some public places. By the end of October, the network will be in operation allowing citizens with a healthy computer to log onto the internet at speeds much faster than dial-up. And that is just the beginning!

Unlike typical network implementations, this project will reach beyond network turn-up. In an effort to understand how Information and Communication Technology (ICT) solutions can provide a foundation to transform a community, Bell and Nortel will partner with the township of Chapleau, the Regional Development Corporation, and key stakeholders to implement applications in such areas as education and health. With a specific focus on collaborative solutions such as desktop videoconferencing, various citizens of Chapleau will have an opportunity to participate in pilot programs and ongoing research that will not only enrich communications within the town and with other towns, but will also bring national attention to Chapleau. It is hoped that by working together, the community and the partners of this project will discover ways in which to enhance the way of life for not only Chapleau, but other remote communities as well.

What applications will be deployed? How will they be used? How will the network support these applications? Given that the project has only recently begun, there are many more questions than answers. However, there are many certainties. The technologies used to upgrade the transport network - the major information highway backbone - and to provide high-speed access within Chapleau are recognized within the industry as leading-edge. The engineers designing the network represent some of the best and brightest in the world. And the commitment from both Bell and Nortel to successfully meet the project's objectives begins with the Chief Executive Officers of both companies.

Once the network is in operation, how it is used and how it contributes toward the growth of Chapleau depends not only on the project team but also on the residents and stakeholders of Chapleau. How can the network change the way the township learns, delivers education, supports businesses, and manages health? The answers are not clear, but they are forthcoming. A significant part of the project will be working in co-operation with the Chapleau Regional Development Corporation and the Township of Chapleau to bring health, education and other industry experts together so that solutions, the right solutions for Chapleau, can be created. Already several institutions that serve Chapleau have demonstrated interest in the project and the promise that it brings, including various government organizations, school boards, health facilities and business organizations. While the engineering teams continue to develop a solution that fits the profile of the town, the application teams are busy learning about Chapleau, the people, the economy, and what makes the town unique, so that the right application decisions can be made.

Project Chapleau is not your everyday network implementation. It is a commitment to provide to a much needed telecommunications infrastructure. And it is a commitment to invest the

resources into understanding how the network can transform the town such that other remote communities and those who serve those communities can understand the potential that technology provides.

Join us every two weeks as we discuss the technology and applications that will eventually affect the citizens of Chapleau and the stakeholders that serve the community. The possibilities are tremendous.

Future topics include:

- Wireless networks: all about Mesh
- Putting Chapleau on the map: regional launch
- Is your PC ready? Dr PC and Internet Training
- Exploring the internet at high speed
- Securing and protecting your PC
- The internet and your children
- Using the network – logging on, who to call for help
- All about Multimedia collaboration
- Exploring health, education and business applications

L'initiative Bell/Nortel/Chapleau

PROJET CHAPLEAU: DE QUOI S'AGIT-IL?

L'article suivant est le premier d'une série de chroniques soumises par le Chapleau Express au nom de l'équipe de l'initiative Bell/Nortel/Chapleau. Dans son optique d'informer les citoyens et citoyennes de Chapleau de même que les parties prenantes du projet, cette chronique paraîtra à toutes les deux semaines jusqu'à la fin de l'année.

Le 22 avril 2005, le Maire Freeborn s'empressait de partager les nouvelles concernant le service de large bande à haute vitesse qui allait être offert à Chapleau. Même si les apparences laissent croire que le projet est en suspens, l'équipe affectée aux travaux est bel et bien à l'oeuvre pour assurer la transmission et l'accès au réseau qui permettra enfin aux citoyens du rayonnement de Chapleau de naviguer sur le Web à haute vitesse, chez eux et dans quelques endroits publics. Dès la fin octobre, le réseau sera en marche, ce qui veut dire que quiconque possède un ordinateur de qualité moyenne pourra ouvrir une session sur Internet sensiblement plus rapidement que par ligne commutée. Et ce n'est que le commencement!

Contrairement aux fins typiques d'implantation, ce projet outrepassera le simple accès au réseau. Pour mieux comprendre en quoi une collectivité peut être radicalement transformée par le biais des solutions apportées par la Technologie de l'Information et des Communications (TIC), Bell et Nortel s'associeront à la Municipalité de Chapleau, le Regional Development Corporation et des dépositaires clé en vue d'intégrer cette technologie au profit des domaines de l'éducation et de la santé. En mettant l'accent sur les solutions collaboratives telles que visioconférences pour PC de bureau, divers membres de la collectivité auront l'occasion de participer à des programmes pilote et des recherches en cours qui non seulement enrichiront les communications au sein et à l'extérieur de la collectivité, mais qui apporteront l'attention nationale sur Chapleau. En concertant tous leurs efforts, la collectivité et ses associés au projet espèrent trouver des façons pour améliorer la vie non seulement à Chapleau, mais aussi dans d'autres centres isolés.

De quelles sortes d'application s'agit-il? Comment seront-elles utilisées? Comment le réseau saura-t-il les supporter? Compte tenu du fait que le projet n'est qu'à ses débuts, plusieurs questions

restent sans réponse pour le moment. Cependant il existe des certitudes. Les technologies utilisées pour mettre le réseau à niveau – le pivot de l'autoroute de l'information – et pour offrir l'accès à haute vitesse dans la collectivité de Chapleau sont reconnues comme étant à la fine pointe de l'industrie. Les concepteurs du réseau sont au nombre des meilleurs et des plus doués au monde. De plus, l'engagement de Bell et de Nortel à mener à bien les objectifs du projet est assuré par la direction générale des deux entreprises.

Une fois que le réseau sera mis en marche, son application et sa portée sur la croissance de Chapleau reviendra non seulement à l'équipe du projet, mais aussi aux citoyens et ses dépositaires d'enjeu. Comment cette technologie saura-t-elle changer les modes d'apprentissage et de prestation de l'éducation, soutenir les entreprises et gérer les services de santé? À présent, on ne peut y répondre précisément, mais des précisions s'ajouteront sous peu. Une partie importante du projet concerne la collaboration du Chapleau Regional Development Corporation et de la Municipalité de Chapleau en vue de mobiliser des experts-conseils du domaine de la santé, de l'éducation et d'autres champs d'activité en vue d'apporter des solutions, des solutions pertinentes pour Chapleau. Déjà plusieurs prestataires de Chapleau ont manifesté leur intérêt au projet et ses bénéficiaires, y compris agences gouvernementales, conseils scolaires, services de santé et groupes d'affaires. Tandis que les ingénieurs tentent de développer une solution technique qui correspond à la spécificité de la collectivité, l'équipe affectée à l'application se renseigne avidement sur Chapleau, sa population, son économie et ce qui rend le village unique, pour que des décisions averties soient prises.

Le projet Chapleau n'est pas une simple implantation de réseau. Il s'agit d'un engagement à apporter la très nécessaire mise à niveau de l'infrastructure des télécommunications. Il est aussi un engagement à investir les ressources qu'il faut pour être en mesure de comprendre en quoi la collectivité et les autres centres isolés peuvent bénéficier de cette technologie et pour aider les prestataires de services affectés dans ces collectivités à se conscientiser sur le potentiel offert par cette technologie.

Soyez donc des nôtres à toutes les deux semaines alors que nous traiterons en profondeur de cette technologie et de ses applications qui, à la longue, sauront affecter la population de Chapleau et les parties prenantes au service de la collectivité. Il n'y a pas de limite aux possibilités.

Parmi les sujets à venir:

- Les réseaux sans fil: tout sur le réseau maillé
- Mettre Chapleau sur la carte: lancement régional
- Votre PC est-il prêt? Professeur PC et la formation sur Internet
- Explorer Internet à haute vitesse
- Protection et sûreté de son PC
- Internet et vos enfants
- Se servir du réseau – ouverture de session, assistance en cas de besoin
- Tout sur la collaboration multimédia
- Explorer les applications au service de la santé, l'éducation et les affaires

Our Lady of Fatima student wins essay contest

By Shelley Martel

Grade 6 student, Jessica Raposo, was selected from the entire Huron-Superior Catholic District School Board as the winner of an essay contest, which was held in conjunction with the grade 6 religion

program.

Honourable mention in the essay contest went to Renae Vanbuskirk, also a grade 6 student at Our Lady of Fatima.

The essay contest, which was sponsored by the Sisters of St. Joseph, was

themed "You Shall Be My Witnesses". The grade 4, 5, and 6 students were to compose a written reflection about a person, living or deceased, who has been a witness of Jesus' love. The person selected represents to the student someone who is trying to live their life like Jesus. This person demonstrates love, caring, and forgiveness for others.

Jessica Raposo

chose Pat Boucher as her inspiration. Pat Boucher is the library technician at the Our Lady of Fatima School. Pat has detailed knowledge of all positions in the school and can fill in for staff members at a moment's notice. It is very special when a child can appreciate and respect the values of an authority figure, not to mention considering an adult to be one of their good friends.

Jessica Raposo, Essay Contest Winner and Pat Boucher, the person who inspired the essay.

Winning Essay

My Good Friend

The person that I know that is like Jesus is Pat Boucher. She is a very wonderful person. Pat is Catholic and she is a very religious person. She tells us things about Jesus' time. Pat goes to church and she'll read passages from the bible or religious sayings.

Pat volunteers to teach the Children's Liturgy Program at the Sacred Heart Church in Chapleau. Pat helps out at our school and she'll be a supply teacher when a teacher is away if she's available at the time. Pat also volunteers to organize our library in Our Lady of Fatima School. She helps children and adults when she sees that they need help even if it's just carrying a box to their car or helping children with their work.

She gave me some ideas for my Remembrance Day poster and I came in second place. Pat is a loving and caring person. Pat Boucher is a good friend.

Thank You!

By Jessica Raposo

Mixed emotions for Class of 2005

By Shelley Martel

The Chapleau Express recently sat down with a group of grade 12 students, graciously assembled by Mr. Rick Dell, guidance counselor at Chapleau High School.

The group of graduates were very willing to discuss their feelings and experiences regarding their last days at Chapleau High School.

Grade 12 Graduates from left, Tegan Purdy, Nelson Lafreniere, Chelsea Woods, and Julia Bignucolo.

What are you planning on studying once you leave high school?

Julia: I'm just taking General Arts to get my B.A.

Tegan: I'm going to be taking Registered Nursing.

Chelsea: I applied for Business Marketing in college

Nelson: Um, I'm going to go for Forensic Science

Where are you going?

Julia: London, King's College at Western University

Tegan: Northern College, Timmins

Chelsea: I'm taking 3 years of college and 1 year of University. I'm going to Barrie to Georgian College and I have a pretty good variety of Universities that will accept people from the 3 year program.

Nelson: Laurentian University, Sudbury

Are you anxious to go?

Tegan: Yes, I'm very excited.

Julia: I'm nervous

What are you looking forward

to the most?

Julia: I want to see what's out there. We are limited, here in Chapleau.

Tegan: Different people, atmosphere, new experiences.

Chelsea: Being out on my own, experiences, having the responsibility of taking care of myself.

Nelson: Getting out of Chapleau.

What are you not looking forward to?

Julia: Being alone until I make friends, which is going to be a challenge, I guess. And being away too.

Tegan: Leaving, I think, and missing my parents and my sister.

Chelsea: Well, coming from Chapleau and going to a big city, I'm not a gullible person but you don't know who you can trust. I don't look both ways before crossing the street either!

Nelson: Leaving friends and family and I hate choice. Choice is my enemy.

What have been your positive experiences at C.H.S.?

Julia: Small school, I knew everybody, you're not afraid 'cause if you're in Toronto it would be different. I like the small school atmosphere. That's why I chose King's College-smaller classes.

Tegan: The classes when you sit in them, they aren't too big, it's hands-on and interesting.

Chelsea: I played every sport so that was an awesome bonus, I guess. I liked the guidance counsellor, teachers, friends. I took some pointless classes but I learned a lot of good things as well.

Nelson: Drama was probably my best and most fun activity but the peaceful atmosphere and one on one time with teachers were nice.

Negative experiences?

Tegan: Some of the people weren't always the greatest.

Chelsea: I wanted to take

Spanish and grade 12 Accounting. Just the basics and not enough business courses.

Nelson: Since the school is so small, there are limited opportunities to ...expand our horizons, if you will.

Would you consider coming back to Chapleau?

Julia: If there's a job here, I would definitely come back.

Tegan: I would think so. After I graduate from nursing, I'll come back and work for a couple of years.

Chelsea: My mom wants me to come back here but I super don't want to. I don't want to live in Toronto but I don't want to live here.

Nelson: Oh, no! Even if I wanted to, there wouldn't be anything for me.

What does it feel like to be graduating right now?

Julia: It feels good. A lot of hard work that flew by because of sports and friends. Looking back, it's kind of scary 'cause it's the last full week.

Tegan: Mixed emotions, excitement, and scary moments. The reality that I'm going away next year is coming fast!

Chelsea: Awesome! I can't wait! I'm proud of myself. It's not easy. I'm really happy.

Nelson: You feel proud that you accomplished something like that because some people don't have the same opportunities that we do and I'm looking forward to the future.

Nelson, I hear that you're going to be Valedictorian at the graduation ceremony. What kind of message will you have for your fellow graduates?

Nelson: It's hard to speak for so many different people who've had different experiences. I will use the Epic Poem format. The future and the potential that we all have to do what we want with our lives.

NOTICE

Pursuant to By-Law 2003-2, ratepayers of the Township of Chapleau hereby take notice that the Council of the Township of Chapleau intends to adopt its 2005 Municipal Budget, Refuse Collection Rate Budget, Water Rate Budget and Sewer Rate Budget at their regular meeting to be held Monday, July 4th, 2005 at 7:30 pm. in the Council Chambers.

AVIS

Conformément à l'arrêté municipal 2003-2, avis aux contribuables du Canton de Chapleau que le conseil municipal se propose d'adopter l'édition 2005 du budget municipal, du budget du taux de la cueillette des ordures, du budget du taux d'usage de l'eau et du taux d'usage des égouts, lors de l'assemblée régulière du conseil qui aura lieu le lundi 4 juillet 2005 à 19h30 dans la salle de conférence du conseil.

Dated at Chapleau this 25th day of June 2005.

Daté à Chapleau ce 25^e jour de juin 2005.

Improvement in community bus service

By Shelley Martel

The old Handi-Transit bus has been replaced by a brand new one thanks to a group of partnering services.

This group of services share in the various costs associated with the bus. The

Township of Chapleau covers the cost of operating the bus service while Chapleau Health Service takes care of the administration duties and costs. Government funding through a community transportation program has also helped make it possible for the bus service to be offered to our citizens.

A committee has been put into place with representatives from

each of the partnering services. Representing the township is councilor Andre Byham. Chapleau Health Services is represented by Gail Bignucolo, Chief Executive Officer, and Sylvie Sylvestre, Director of Mental Health, Addiction, and Community Services. Committee Member, Larry Lacroix, of Lacroix Bus Lines, makes available qualified bus drivers for

the Handi-Transit bus.

Replacing the previous bus became necessary due to the age of the vehicle. Maintenance and repair on the bus became increasingly difficult as they weren't able to replace the parts.

The new bus is more reliable and offers more safety features. The Handi-Transit is

equipped with two wheelchair spaces, electronic wheelchair hook-up, increased lifting capacity, and air conditioning.

There are 12 seats available for bus passengers, and assistance to get on and off is available if required. The Handi-Transit offers door to door pick-up and drop-

off for convenience.

Anyone in the community is eligible to use the bus service. Typically, the bus is used for shopping, banking, and any other types of errands but priority is given to those who are using the service to attend medical, dental or therapy appointments.

The bus runs during week days only (Monday-Friday) from 8:45 a.m. until 2:45 p.m., with a break during lunch hour.

Bus fare is very minimal and varies with age and abilities. Children are welcome on the bus as well but must be accompanied by an adult until the age of 10.

A 10-fare bus pass, offering one free ride, is available at the reception desk of the Chapleau General Hospital.

The Seniors' Walking Club uses this transit service from Cedar Grove Lodge to Chapleau High School each Tuesday and Thursday morning. This is made possible by the generous support of the Oddfellows.

Currently, the committee will consider requests for out of town trips.

An important detail to remember is that the bus is available by appointment only and that 2 hours notice is needed in order to arrange a pick-up. These arrangements can be made by calling the Chapleau General Hospital at 864-1520.

Employment Opportunity (contractual)

The Chapleau Labour Adjustment Committee is looking for candidates for the position of **Action Centre Assistant Coordinator**.

Role of the Assistant:

To help Domtar employees and their families and other Chapleau area workers cope with their job loss and provide access and/or direction to the resources needed to find new employment.

Qualifications:

- Ability to work co-operatively with the Coordinator and the Adjustment Committee.
- Ability to work well with the public.
- Must be discrete and able to adhere to a strict code of confidentiality
- Must have a positive attitude, be energetic and self-motivated
- Good administrative and planning skills.
- Knowledge of computers and word processing applications.
- Bilingualism is required (French and English written and spoken).

Responsibilities:

- Assist the Coordinator with various administrative functions.
- Assist the Coordinator with the development of programs, services and special projects for workers.
- Assist clients with the preparation of resumes, covering letters and other job-search documentation such as job applications.
- Assist clients with the use of various computer programs, including word processing applications and the internet.
- Maintain all client computers to ensure effective operation of software.
- Acquire, update and organize job-search and other resource information; establish and maintain a resource library.
- Assist the Coordinator with the planning and coordination of workshops. This includes communicating with service providers.
- Perform other duties as assigned by the Action Centre Coordinator.

Work Location: Chapleau

Contract Duration: approximately 12 months - 40 hours a week

Hourly Wage: \$22/hour

Deadline for submitting resume: July 4th, 2005

Send resume to:

Township of Chapleau
Chapleau Labour Adjustment Committee
Chapleau Civic Centre
20 Pine Street East, P.O. Box 129
Chapleau, Ontario P0M 1K0
Or fax to: 705-864-1824

PUBLIC NOTICE

Wildlife Tourism Development Proposal from the Chapleau Regional Development Corporation for the Chapleau Crown Game Preserve. (Hill Township)

The Chapleau Regional Development Corporation (CRDC) has been required to relocate one of their original wildlife viewing station sites. The Ministry of Natural Resources (MNR) has completed their Environmental Assessment review of a Land Use Permit application for a new location for a wildlife viewing station and given locational approval. The site is on the northern portion of Sloth Lake in Hill Township. The use of bait will be used at the wildlife viewing station to attract wolf, bear, lynx, mink, weasels, pine martin, eagles and osprey. The proposed development of this site is for the purpose of tourism and economic development in the Chapleau area.

If you require further information on this proposal or wish to comment, please contact:

Ministry of Natural Resources
Mark Hamerski, Area West Lands Technician
190 Cherry Street
Chapleau, ON
P0M 1K0
Telephone: (705) 864-3157
Facsimile: (705) 864-0681
E-mail: mark.hamerski@mnr.gov.on.ca

Comments and personal information regarding this proposal are collected under the authority of the Environmental Assessment Act to assist in making decisions and to determine further public consultation needs relating to the proposal. Comments and opinions which do not constitute personal information as defined by the Freedom of Information and Protection of Privacy Act, will be shared among MNR, CRDC, other ministries involved, etc, and may be included in the study documentation that is made available for public review. Personal information will remain confidential unless prior consent to disclose is obtained. However, this information may be used by the Ministry of Natural Resources to seek public input on other resource management surveys and projects.

Chapleau Public School celebrates the end of school

Special Student Awards: The winners of the Rotary Award presented by Mr. Dave Laughland were Christie Fischer and Chris Imbeault. The award recognizes true friendship, truthfulness and fairness when dealing with other students. The second award presented by G. Boucher was to Sabrina Kanala, who excels in drama, and honours Mr. Peter Simpson, a former teacher at our school. The award is sponsored by E.T.F.O., the local federation of teachers.

Chapleau Public School Volunteers: The Staff and Students at Chapleau Public School would like to thank the following volunteers: Lewis Scheid, Sue Fenlon, Barb Jones, Toby Hamel, Kristian Aldeman, David Cockburn. G. Boucher - Principal at Chapleau Public School was on hand to make the presentations. Missing from the photo: Francine Larocque, Lucille Mainville and Patricia Roberts.

Terrific Students for the Month of June: Kyle Perreault, Evan Morrison, Emma Morrison, Megan MacGillivray, Timmy Leishman and Jarret Hamel. Corporate Sponsors are Mike Imbeault, CPR and Donat Lavoie (Oddfellows). Missing from the photo: Jaime Lasanté.

Terrific Students for the Month of May: Ethan MacLean, Erica Bouchard, Arlayna Morin. Mackenzie Portelance, Ulrich Larocque. Corporate Sponsors are Mike Imbeault from the CPR and Donat Lavoie from The Oddfellows. Missing from the photo: Ian Pellow and Brittany Begin.

Northern Pride

Fierté du Nord

My name is Kelly Hazen, I am a truck driver for Northmill Repair and Service. I chose this profession because I find driving a logging truck challenging, everyday is a new experience.

I didn't have to go away to study because I was able to take a trucking course with North Eastern Ontario School of Trucking through Sault College, Chapleau Campus.

I have also taken several courses related to my field of work like dangerous goods, CPR and First Aid. I also have to renew my ACZ license every five years.

At some point I did move out of town in order to obtain a different work experience but stayed in a small Northern community. I choose to stay in Northern Ontario because of the employment

opportunities in my field. It also offers the recreational environment and facilities that meet my needs. We have a beautiful and unpolluted environment, affordable living and friendly people. There are

more outdoor activities available to you, less crime therefore safer environment providing more freedom, fresh air and a different life style.

The advice that I would give to someone who wishes to stay in Northern Ontario is that it is a good idea. Compare the life style and affordability of living in Southern and Northern Ontario.

Commanditée par/Sponsored by:

- Formation PLUS
- The Chapleau Express
- La Commission de formation du Nord-est/Far Northeast Training Board

Nom/Name: Kelly Hazen
Poste/Occupation: Conducteur de camion lourd / Truck Driver
Employeur/Employer: Northmill Repair and Service
Age: 31 ans / years old
Né à/Born in: Chapleau
Scolarité/Education: 12^e année / Grade 12
Expérience de travail/ Work experience: Conducteur qualifié de camion lourd avec douze ans d'expérience. / Qualified truck driver with twelve years experience.
Ambitions: Avoir ma propre entreprise et offrir de bons emplois aux résidents de Chapleau. / To have my own business and offer good employment to Chapleau residents.
Intérêts/Interests: Pêche, chasse, motoneige, sport aquatique et travailler sur des petits moteurs. / Fishing, hunting, snowmobiling, water sports and working on small engines

Mon nom est Kelly Hazen, je suis un conducteur de camion lourd chez Northmill Repair and Service. J'ai choisi ce métier parce que je trouve que conduire

un camion à billot est une nouvelle expérience à chaque jours. Je n'ai pas dû partir pour étudier à l'extérieur parce que je pouvais prendre un cours de camionnage avec le North Eastern Ontario School of Trucking offert par Sault College, Campus de Chapleau.

J'ai aussi pris plusieurs cours liés à mon domaine de travail comme la manutention des marchandises dangereuses, et les premiers soins. Je dois aussi renouveler mon permis de classe ACZ tous les cinq ans. À un certain moment, j'ai déménagé à l'extérieur dans le but d'obtenir une expérience de travail différente mais je suis

quand même demeuré dans une petite communauté du nord. J'ai choisi de rester dans la région du Nord de l'Ontario en raison des opportunités d'emplois dans

mon domaine. Le nord offre aussi un environnement avec beaucoup de loisirs et des infrastructures qui répondent à mes besoins. Nous avons un bel environnement non pollué, un

coût de vie qui est abordable et des gens amicaux. Le conseil que je donnerais à quelqu'un qui souhaite demeurer dans le Nord de l'Ontario est que c'est une bonne idée. Comparez le style de vie et le coût de la vie entre Sud de l'Ontario et le nord.

Le plus grand défi que j'ai dû surmonter pour trouver un travail était que quelqu'un me donne la chance d'acquérir de l'expérience. Toutes les entreprises veulent quelqu'un avec l'expérience, peu désirent prendre un conducteur inexpérimenté.

La Commission de Formation du Nord-est est subventionnée par: Ressources humaines et développement des compétences Canada et le Ministère de la Formation et des Collèges et Universités.

The Far Northeast Training Board is funded by: Human Resources and Skills Development Canada, and the Ministry of Training, Colleges and Universities.

CHADWIC HOME, FAMILY RESOURCE CENTRE

Offers shelter, emotional support, and information for women and their children who are in crisis situations. We have a Toll Free Crisis Line which is staffed 24 hours a day. We can arrange for free transportation to the Centre for women who live in the Algoma/Chapleau area. We also offer support to women who live in the communities of Chapleau, White River, Dubreuilville, and Hornepayne through our Outreach Program. Our Outreach Worker travels to those communities to meet with women who need emotional support as well as information about their rights and options. If you need to speak with the Outreach Worker when she is in your community, you can call the Centre at any time to set up an appointment. You do not need to be a resident of the Centre in order to use our services. If you need someone to talk to or if you just need someone to listen, call our Toll Free Crisis line at 1-800-461-2242 or you can drop in at the Centre. We are here for you.

Catholic schools join together for Track and Field afternoon

By Shelley Martel

On Tuesday, June 21st, the grade 1 to 8 students from École Sacré-Coeur joined the students from Our Lady of Fatima for an afternoon of various track and field activities.

The groups were bussed to the Chapleau High School where they gathered on the Earle J. Freeborn Field of Dreams. Several previous attempts by both schools were rained-out and the schools decided to try their

luck one last time. The gorgeous 1st Day of Summer was spent participating in distance running races, soccer, ball toss, and long jump.

The two schools meshed well

together and according to Our Lady of Fatima principal, Michael Levesque, the schools should make this a monthly event. "I think we've started something here," he speculated.

Grade 6 student, Dominick Fortin's impressive attempt at Long Jump.
